Minister

FOREWORD

The Calendar of Expiring Agreements is a compilation of major collective agreements in British Columbia which are scheduled to expire in the coming year. The publication includes those expiring agreements which cover 25 or more employees.

The total number of agreements and employees covered by expiries listed in the Calendar likely understates to some extent the bargaining activity to be expected during 1985. First, it is not possible to anticipate bargaining which will arise from first-contract negotiations where a trade union has been newly certified by the Labour Relations Board. Second, at the time data for the Calendar was being assembled in November 1984, a number of collective agreements were in the process of being re-negotiated. Some of these renewed agreements will likely expire in 1985 but at the time of the publication it was not known which of them will be up for negotiation again in the coming year.

The information contained in the Calendar was compiled by Fern Hegan and typed by Margaret Ludwig and Heather Sproule of the Policy and Planning Branch. Our thanks are extended to employers and unions who co-operated in providing expiry information to the Branch.

INTRODUCTION

A total of 380 collective agreements covering 25 or more employees will expire in British Columbia during 1985. These expiries cover 179,692 employees in the province. The number of expiries scheduled to be renegotiated is slightly larger than the number reported in the 1984 calendar (373) and covers more employees than did last year's list of expiries (164,321).

The largest expiry in 1985 is the agreement between the British Columbia Government and the B.C.G.E.U. covering 36,800 employees. This 24-month agreement terminates on October 31, 1985. Other large expiries include the school district agreements between the B.C. School Trustees Association and the B.C. Teachers' Federation (31,000 employees) and the agreement between the Health Labour Relations Association and the B.C. Nurses' Union (14,800 employees). The teachers' contract expires on December 31, 1985, while the nurses' contract expires on March 31, 1985. Another large agreement expiring at the same time as the B.C.G.E.U. contract (October 31, 1985) is that between the B.C. Hotels Association and the Hotel and Restaurant union covering 10,000 employees.

About 63 percent of the collective agreements expiring during the coming year are two year contracts which have been in effect since 1983. There are 239 twenty-four month agreements up for renegotiation - (see Table 1). The proportion of expiring two-year agreements in 1985 is substantially lower than shown in the 1984 Calendar (72.9%) and the 1983 Calendar (75.3%). There is a substantial increase in the length of current agreements due to expire in 1985. In the 1985 Calendar, 28.1 percent of agreements were longer than two years compared to only 10.2 percent in 1984.

The two months in which the largest number of collective agreements are scheduled to expire are December (107 expiries) and March (74 expiries). The next busiest month on the bargaining calendar is June with 36 expiries - (see Table 2A). In terms of the number of employees, the months of October and December are most important (51,362 employees and 52,500 employees, respectively).

The industry with the largest number of expiries in 1985 is Manufacturing with 101 agreements covering 19,264 employees. The Public Administration sector has the second highest number of expiries (80) and the highest number of employees covered (59,662 employees).

Table 3 of the Calendar contains a chronological list of 1985 expiries by month. Individual expiries are listed by industry in Table 4. Employee totals for the federal jurisdiction includes only employees in British Columbia.

Following is a list of major collective agreements due to expire in 1985 which cover 500 or more employees.

Employer or Bargaining Agency	Union	Expiry Date	Employees Covered
AEL Microtel	IBEW, Local 264	4 Apr	600
